This curriculum has been carefully reviewed by the National Association of EMS Physicians and the National Association of EMT. AMLS leads the way in the on-going education of Paramedics by teaching practical methods for treating adult medical emergencies. Each chapter in the course-text moves from assessment-based procedures to field diagnosis and management of treatable causes, offering realistic methods that seasoned EMS practitioners use.</p>
<p><b><u>Why take AMLS?</u></b></p> <p>Paramedics routinely seek</p>	<p><b><i>This course:</i></b></p> <ul style="list-style-type: none"> <li>• highlights terms and definitions, key ideas and</li> </ul>

challenging course work in cardiac (ACLS), trauma (PHTLS, BTLS) and pediatric (PALS, PEPP) care. AMLS offers a similar degree of expertise in the specialty area of medical emergencies.

## **Who should take AMLS?**

AMLS is designed for students who are currently taking or have completed Paramedic or other advanced-level patient care education programs.

## **What is unique about this curriculum?**

Each chapter in the text includes case studies and a variety of hypothetical situations that encourage students to apply concepts and sharpen their critical thinking skills. Students

summaries

- introduces each chapter with a relevant case study and then concludes the chapter with a follow-up to that same case study
- challenges students to bring information together from all prior chapters and apply it to a variety of patients
- reinforces written content with full-color drawings and photographs
- contains pharmacology and normal lab data

EKU's **Emergency Medical Care Program** is proud to present Kentucky's first Advanced Medical Life Support Course. The next course will be announced soon.

complete practical skills-stations in teams, encouraging and promoting realism in the stations.

### **How do you sign-up?**

Contact the EMC Program (or the course coordinator) either by telephone or e-mail. You will need to sign-up by the deadline so that your textbook can be sent to prior to the course dates.

### **What is the cost?**

The cost for each course is determined by the course coordinators. In general thought, the standard costs are:

books: approx. \$35 per person  
 cards: \$15 per person  
 instruction: the cost varies but the total is usually around \$85 - \$100

### **Deadline:**

The deadline for signing up for any course will usually be 30 days prior to the dates of the course.
